Advice Letter 263-W
Great Oaks Water Company (U-162-W) to the California Public Utilities Commission
Requesting Drinking Water Fees Expense Memorandum Account

Great Oaks Water Company (Great Oaks) transmits this Tier 2 advice letter filing to establish a new Drinking Water Fees Expense Memorandum Account (DWFMA) to track increased public water systems annual fees as charged to Great Oaks by the State Water Resources Control Board (State Board). The following changes in tariff schedules applicable to Great Oaks entire service area are proposed:

CPUC Sheet No.	Title of Tariff Sheet	Canceling Sheet No.
839-W	Preliminary Statement	NA
840-W	Table of Contents	838-W

Summary of Advice Letter 263-W

On September 20, 2016, the State Board adopted Resolution 2016-0052 and thereby significantly revised the methodology for calculating public water system annual fees payable to the State Board. Resolution 2016-0052 is attached as Exhibit A.

In prior years, including the most recently completed billing period (July 1, 2015 through June 30, 2016), the State Board charged Great Oaks using a billing rate of $153 per hour. A copy of the State Board Invoice for that time period is attached as Exhibit B. Under Resolution 2016-

0052, the State Board is using a different methodology based upon the number of service connections. Attached as Exhibit C is the State Board's invoice for the July 1, 2016 through June 30, 2017 time period. This invoice remains unpaid as of the filing of this Advice Letter.

As is easily seen, the State Board's new billing methodology results in a dramatic increase (more than 100%) in expenses to Great Oaks for the same level of service. The new and higher expenses are not included in presently-authorized rates. The requested memorandum account will track the actual difference between drinking water fees charged by the State Board under its new billing methodology and the drinking water fees authorized in Great Oaks' most recent general rate case, as approved in California Public Utilities Commission (Commission) Decision (D.) 16-05-041. Great Oaks will incorporate drinking water fees under the new State Board billing methodology into its next general rate case, and the requested memorandum account will be scheduled expire when new rates go into effect.[1]

Application of Standard Practice U-27-W Requirements for new Memorandum Accounts

In order to qualify for a new memorandum account, the four requirements of Standard Practice U-27-W must be met. As discussed below, this request complies with those requirements.

1. The expense is caused by an event of an exceptional nature that is not under the utility's control.

The State Board adopted Resolution 2016-0052 changing its methodology for calculating drinking water fees after many years of using the former methodology. It was a change that was exceptional in nature and was not known or expected by Great Oaks prior to its adoption. The State Board, of course, is not under Great Oaks' control, making the new, higher expenses both exceptional in nature and not under Great Oaks' control.

2. The expense cannot have been reasonably foreseen in the utility's last general rate case and will occur before the utility's next general rate case.

Great Oaks' last general rate case Application (A.) was filed in July of 2015 (A.15-07-001). A settlement was reached and on February 26, 2016, Great Oaks and the Commission's Office of Ratepayer Advocates (ORA) filed a joint motion to adopt the settlement agreement. The Commission approved and adopted the settlement agreement in D.16-05-041 (dated May 26, 2016/issued June 1, 2016). The State Board did not adopt its Resolution 2016-0052 until September 20, 2016, and the new fee methodology did not become effective until the year beginning July, 1 2016. As shown on Exhibit C, the new fees are not due until July of 2017. Great Oaks' next general rate case application is not scheduled to be filed until July 1, 2018. The expenses could not have been reasonably foreseen in Great Oaks' last general rate case and will be incurred before the next scheduled general rate case.

3. The expense is of a substantial nature as to the amount of money involved when any offsetting cost decreases are taken into account.

The new drinking water fees for 2016/2017 are $47,688.25, a substantial increase of 105.4% over the fees for 2015/2016. There are no cost decreases or offsets to be taken into account.

[1] New rates under Great Oaks' next general rate case application are scheduled to become effective on July 1, 2019.

4. The ratepayers will benefit by the memorandum account treatment.

Payment of drinking water fees provides funding to the State Board for issuing permit amendments, reviewing compliance data, and conducting sanitary inspections, all of which are activities directly benefitting ratepayers by ensuring a safe drinking water supply.

Additional Authority for Requested Memorandum Account.

The Commission approved an identical (in nature) request for a DWFMA for San Jose Water Company pursuant to its Advice Letter 497-W. Great Oaks requests similar treatment under General Order 96-B, Industry Rule 8.2.

Terms and Conditions of DWFMA

Great Oaks has patterned the terms and conditions of its requested DWFMA after the authorized terms and conditions of San Jose Water Company's previously authorized DWFMA. The requested terms and conditions are provided in proposed Tariff Sheet 839-W attached hereto.

Other Pending Advice Letters

At this time, Great Oaks has three advice letters pending (Advice Letters 260-W-A, 261-W-A, and 262-W), none of which relate to or are affected by this filing.

No Effect on Water Service

This Advice Letter filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

Effective Date – June 8, 2017

Great Oaks requests that the terms and conditions of the requested memorandum account requested in this Advice Letter become effective June 8, 2017, the filing date for this Advice Letter.

Tier Designation

This is a Tier 2 Advice Letter pursuant to General Order 96-B and Water Industry Rules 7.3.2(6) and 7.3.2(8).

Notice and Service

Notice is being provided by publishing this Advice Letter on Great Oaks' website (www.greatoakswater.com) and through service upon the Distribution List provided below.

Protests and Responses

Anyone may protest and respond to this Advice Letter. A Response supports the filing and may contain information that proves useful to the Commission in evaluating the Advice Letter. A Protest objects to the Advice Letter in whole or in part and must set forth specific grounds on which it is based. These grounds may be based upon the following:

(1) The utility did not properly serve or give notice of the Advice Letter; or

(2) The relief requested in the Advice Letter would violate a statute or Commission order, or is not authorized by statute or Commission order on which the utility relies; or

(3) The analysis, calculations, or data in the Advice Letter contain material error or omissions; or

(4) The relief requested in the Advice Letter is pending before the Commission in a formal proceeding; or

(5) The relief requested in the Advice Letter requires consideration in a formal hearing, or is otherwise inappropriate for the Advice Letter process; or

(6) The relief requested in the Advice Letter is unjust, unreasonable, or discriminatory (provided that such a Protest may not be made where it would require re-litigating a prior order of the Commission).

Any Protest or Response must be made in writing or by electronic mail and must be received by the Water Division of the Commission within 20 days of the date this Advice Letter is filed. The Advice Letter process does not provide for any Protests, Responses or other comments, except for a reply by Great Oaks, after the 20-day comment period expires. The address for mailing or delivering a Protest or Response is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water_division@cpuc.ca.gov

On the same date any Protest or Response is submitted to the Water Division, the protesting or responding person, entity or party must serve a copy of the Protest or Response on Great Oaks addressed to Timothy S. Guster, Great Oaks Water Co., PO Box 23490, San Jose, CA 95153, 408-227-9540, 408 227-7126 (fax), email: tguster@greatoakswater.com.

Proposed Tariff Sheets

PRELIMINARY STATEMENT
(Continued)

X. Drinking Water Fees Memorandum Account. (N)

1. Purpose. The purpose of the Drinking Water Fees Memorandum Account (DWFMA) is to track the difference between all actual drinking water fees charged by the State Water Resources Control Board (State Board) (based upon its revised fee schedule under Resolution 2016-0052) and the drinking water fees authorized in Great Oaks Water Company's (Utility) General Rate Case Decision D.16-05-041 (based upon the previous fee structure).
2. Applicability. The DWFMA will track the difference between the annual drinking water fees charged by the State Board and the drinking water fees authorized in D.16-05-041. Interest shall accrue on a monthly basis by applying a rate equal to one-twelfth of the 3-month non-financial Commercial Paper rate, as reported in the Federal Reserve Statistical Release, to the average of the beginning-of-month and the end-of-month balances.
3. Disposition. If, alone or when combined with other authorized memorandum account balances, the accumulated balance for the DWFMA exceeds two percent (2%) of the total authorized revenue requirement for the prior calendar year, the Utility will file an advice letter to amortize the balance. Prior to recovery, charges made to the DWFMA are subject to a reasonableness review in the Utility's next General Rate Case or in an appropriate advice letter filing. The recovery of over or under-collections will be passed on to customers through volumetric surcredits or surcharges.
4. Effective Date. The DWFMA shall go into effect on the effective date of Advice Letter 263-W. The DWFMA shall sunset with the effective date of the Utility's next General Rate Case decision. (N)

Exhibit A
State Water Resources Control Board
Resolution 2016-0052

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 2016-0052

ADOPTING DRINKING WATER FEE REGULATIONS IN TITLE 22, SECTIONS 64300, 64305, 64310, AND 64315 OF THE CALIFORNIA CODE OF REGULATIONS.

WHEREAS:

1. The State Water Board is responsible for administering the Safe Drinking Water Act (Drinking Water Program). The Safe Drinking Water Act (Health and Safety Code, §116270 et seq.) (SDWA) requires that all persons who supply water for human consumption and meet the law's definition of "public water system" obtain a domestic water supply permit and submit an annual fee to the State Water Board.

2. On June 24, 2015, State Bill 83 (2015) was chaptered requiring the State Water Board to adopt a new fee schedule in regulation to support the Drinking Water Program.

3. Health and Safety Code (HSC) Section 116565, subdivision (d) requires that the fee schedule initially be set through the regular rulemaking process and that, thereafter, amendments and adjustments to the schedule shall be done as emergency regulations that are not subject to review by the Office of Administrative Law.

4. The proposed regulations (Drinking Water Fee Regulations) establish a schedule of annual fees to be paid by public water systems.

5. The proposed Drinking Water Fee Regulations include a provision allowing community water systems that serve disadvantaged communities to pay a reduced fee.

6. The Drinking Water Fee Regulations include a provision authorizing State Water Board to extend the deadline for payment of the annual fee upon a showing of good cause.

7. State Water Board staff will maintain the Division of Drinking Water's staff time accounting system through this fiscal year, at least, to help inform the Board, staff, public water systems and stakeholders on how the Division of Drinking Water's staff time and resources are being allocated.

8. State Water Board staff recommends adoption of the proposed Drinking Water Fee Regulations as required by Health and Safety Code section 116565.

9. The Drinking Water Fee Regulations will be contained in Title 22, Division 4, Chapter 14.5, Sections 64300, 64305, 64310, and 64315 of the California Code of Regulations.

10. The 45-day public notice period for the proposed amendments closed on June 22, 2016, and a public hearing was held on that date. Responses to all timely comments and three late comments received on the proposed regulations will be contained in the Final Statement of Reasons.

11. The State Water Board published and distributed a Notice of Modification to Text of Proposed Regulation and the modified text of the proposed regulation in underline and strikeout on July 14, 2016 for a 15-day comment period ending on July 29, 2016. Responses to all comments received pertaining to the proposed modifications will be contained in the Final Statement of Reasons.

12. The California Environmental Quality Act (CEQA) provides a statutory exemption for the review and modification of charges by public agencies. Specifically, Public Resources Code Section 21080 (b)(8) provides for such statutory exemption if the public agency finds that such charges "are for the purpose of (A) meeting operating expenses, including employee wage rates and fringe benefits, (B) purchasing or leasing supplies, equipment, or materials, (C) meeting financial reserve needs and requirements, (D) obtaining funds for capital projects necessary to maintain service within existing service areas, or (E) obtaining funds necessary to maintain those intracity transfers as are authorized by city charter."

13. The State Water Board finds that the charges identified in Title 22, Division 4, Chapter 14.5, of the California Code of Regulations, are for the purpose of: meeting operating expenses, including employee wage rates and fringe benefits; purchasing or leasing supplies, equipment, or materials; and meeting financial reserve needs and requirements.

THEREFORE BE IT RESOLVED THAT:

1. The State Water Board adopts Title 22, Division 4, Chapter 14.5, Sections 64300, 64305, 64310, and 64315 of the California Code of Regulations.

2. The State Water Board determines that adoption of Title 22, Division 4, Chapter 14.5, Sections 64300, 64305, 64310, and 64315 of the California Code of Regulations is statutorily exempt from CEQA for the reasons given above, and directs the State Water Board staff to prepare and submit to the State Clearinghouse a Notice of Exemption reflecting this determination.

3. The State Water Board Executive Director shall sign the form 400 and the State Water Board staff shall submit the adopted regulations and supporting documentation to Office of Administrative Law (OAL) for review and filling with the Secretary of State; and

4. If, prior to the OAL filing the regulations with the Secretary of State, State Water Board staff, the State Water Board, or OAL staff determine that non-substantive corrections to the regulations or supporting documentation are needed to facilitate the review process, the State Water Board Executive Director may make such changes.

CERTIFICATION

The undersigned Clerk to the Board does hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the State Water Resources Control Board held on September 20, 2016.

Drinking Water Fee Regulations
Public Water Systems

Add Chapter 14.5, Division 4, Title 22 California Code of Regulations.
Add Section 64300

Section 64300. Definitions.

As used in this chapter:
(a) "Disadvantaged community" means a community with a median annual household income of less than eighty percent (80 %) of the statewide median annual household income.

(b) "Wholesaler" means a public water system that sells water to other public water systems. A public water system that has 1,000 or more service connections or that sells water only on a short-term or intermittent basis is not a wholesaler.

Note: Authority cited: Sections 116271, 116350, 116375, and 116565, Health and Safety Code.

Reference: Sections 116565 and 116590, Health and Safety Code.

Add Section 64305.

Section 64305. Fee Schedule for Annual Fees

(a) Each public water system shall pay an annual fee to the State Board in the amount provided in Table 64305-A.

TABLE 64305-A – Public Water Systems Annual Fee

Water System Type	Fee
Community Water System	
100 or fewer service connections	$250.00 or $6.00 per service connection, whichever is greater.
100 or fewer service connections (disadvantaged community)	$100.00
101 to 1,000 service connections	$6.00 per service connection
101 to 1,000 service connections (disadvantaged community)	$100 plus $2.00 per each service connection greater than 100
1,001 to 5,000 service connections	$6.00 per each of first 1,000 service connections plus $3.50 per each service connection greater than 1,000
1,001 to 5,000 service connections (disadvantaged community)	$100 plus $2.00 per each service connection greater than 100
5,001 to 15,000 service connections	$6.00 per each of first 1,000 service connections plus $3.50 per each service connection greater than 1,000 but less than 5,001 plus $2.00 per each service connection greater than 5,000
5,001 to 15,000 service connections (disadvantaged community)	$100 plus $2.00 per each service connection greater than 100
15,001 or more service connections	$6.00 per each of first 1,000 service connections plus $3.50 per each service connection greater than 1,000 but less than 5,001 plus $2.00 per each service connection greater than 5,000 but less than 15,001 plus $1.35 per each service connection greater than 15,000
15,001 or more service connections (disadvantaged community)	$100 plus $2.00 per each service connection greater than 100 but less than 15,001 plus $1.35 per each service connection greater than 15,000
Nontransient Noncommunity Water System	$2.00 per person served, but not less than $456.00.
Transient Noncommunity Water System	$800.00.
Wholesaler	$6,000.00 plus $1.36 per each MG[1]

[1] "Million Gallons" means the annual average, rounded to the nearest million, as reported to the State Board by the wholesaler for the three most recent years of data available, of the total gallons of water that the wholesaler produced from surface water and from groundwater and gallons of finished water that the wholesaler purchased or received from another public water system.

Add Section 64310.

Section 64310. Reduction of Fees for Public Water Systems Serving Disadvantaged Community.

(a) A public water system must pay the full amount of the annual fee unless it requests and receives from the State Board a determination that its annual fees are reduced because it is a community water system that serves a disadvantaged community in which case the fee to be paid is the amount for a disadvantaged community as shown in Table 64305.

(b) To qualify for the reduction provided for in subsection (a), a public water system must certify, and provide documentation to the State Board upon request, that it serves a disadvantaged community.
Note: Authority cited: Sections 116271, 116350, 116375, and 116565, Health and Safety Code.

Reference: Sections 116565 and 116590, Health and Safety Code.

Add Section 64315.

Section 64315. Payment of Fees

(a) Each fee required by this chapter shall be paid to the State Board within forty five (45) calendar days of the date of the invoice, except that this date may be extended by the State Board for good cause, which shall be determined at the State Board's sole discretion.

Note: Authority cited: Sections 116271, 116350, 116375, and 116565, Health and Safety Code.

Reference: Sections 116565 and 116590, Health and Safety Code.
